

Hydro-Wet®

Hydro-Wet®

Soil and Turf Wetting Agent for Increasing Water Efficiency

Principal Functioning Agents

Poloxanlene, 2-butoxyethanol.....	87.5%
Inert Ingredients.....	12.5%
Total.....	100.0%

KEEP OUT OF REACH OF CHILDREN

CAUTION

- May cause eye irritation.

Precautionary Statements

- Do not get into eyes.
- Avoid breathing vapors or mists.
- Avoid using product in a manner as to directly or through drift, expose workers or other persons.
- Applicators and other handlers must wear goggles or face shield and chemical resistant gloves while applying this product.

First Aid

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

General Information

Hydro-Wet is a high performance turf and soil wetting agent formulated to assist the management and conservation of water to ensure uniform movement, distribution and availability of water into the root zone.

Hydro-Wet reduces watering requirements by minimizing water repellency in soils.

Hydro-Wet can be safely applied as a preventative or curative treatment to improve irrigation efficiency and enhance turf quality by controlling localized dry spots in highly maintained turf areas.

Storage and Disposal

Storage: Keep container tightly closed. Store in original container only.

Disposal: Triple rinse container, empty rinse water into spray or stock tank. Dispose of empty container in accordance with federal, state and local laws.

Directions For Use

Golf Course Greens and Tees: As a preventative treatment, apply Hydro-Wet at a rate of 8 fluid ounces diluted in 1 to 3 gallons of water per 1,000 square feet in advance of high heat stress. After 7 to 14 days following initial application, apply an additional application of 8 fluid ounces per 1,000 square feet diluted in the same manner.

A monthly maintenance treatment schedule can be substituted for the preventative treatment rate as follows: Using dilution rates as indicated above; apply an initial application of 8 fluid ounces per 1,000 square feet followed by monthly applications at a rate of 4 fluid ounces per 1,000 square feet.

Follow tank mix applications with a brief watering-in of treated turf areas to ensure that Hydro-Wet moves to the soil profile.

Golf Course Fairways, Athletic Fields and General Turf Areas: Apply Hydro-Wet at a rate of 24 to 32 fluid ounces diluted in 40 to 50 gallons of water per acre. Reapply monthly throughout the season.

Irrigation Injection: Monthly Program: Inject 24 to 32 fluid ounces in 40 to 50 gallons of water per acre per month throughout the growing season.

Soil Mixes and Lawn Care: Apply 4 fluid ounces of Hydro-Wet diluted in 5 gallons of water, then apply to 1 cubic yard of soil mixture or each 1,000 square feet of planting area.

Lawn Care: 2 to 4 fluid ounces diluted in 2 to 3 gallons of water applied per 1,000 square feet. Irrigate immediately following application.

Tank Mixing

Tank mix combinations containing Hydro-Wet have not been tested under all growing conditions. Applicator should follow instructions of pesticide label to determine such use. Always exercise caution when using wetting agents with other commonly used turf chemicals and fertilizers. Test a limited turf area prior to large scale applications.

KALO's Pro-Ap® Liquid Siphoning Applicator

Calibrate by connecting Pro-Ap to the quick-coupler water source. Fill Pro-Ap bottle with water for testing purposes. Determine siphon rate under local pressure and flow rate conditions. Walk turf areas at a pace of 30 seconds per 1,000 square feet to confirm siphon rate.

CONDITIONS OF SALE, LIMITED WARRANTY, AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of KALO, Inc., the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at KALO, Inc.'s election, one of the following:

1. Refund of the purchase price paid by buyer or user for product purchased, or,
2. Replacement of the product used.

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
