

ORGANIC™  
**PRECISE**

**Recharging Your Soil Naturally**

### **General Application Instructions**

Apply Natures Balance at a rate of 1-4 gallons per acre as a foliar spray. Natures Balance may be blended with your fertilizer program, or with organic sources such as molasses, emulsified fish, or other ingredients. For best coverage, a minimum of 20 gallon per acre rate total solution should be applied.

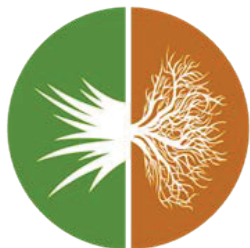

<b>Golf Greens</b>	2-4 Gal / Acre every 14-21 days
<b>Golf Fairways &amp; Tees</b>	1-3 Gal / Acre every 30 days
<b>Residential &amp; Commercial Turf</b>	1-3 Gal / Acre every 4-6 weeks
<b>Annuals/Ornamentals</b>	1-3 Gal / 100 Gal as needed
<b>Sod Farms</b>	1-3 Gal / Acre monthly

### **Activator Mixing Instructions**

**Add 2 Fluid oz. of Activator per gallon of Natures Balance**

Mix ACS microbial with Natures Balance into your sprayer or a separate mixing tank. Agitate thoroughly until all ingredients are well mixed. If possible, continue to agitate mixture during application.
