

# Dynamic 28-0-0

Powered by EBS

Proprietary formulation with Amino acids and powered by EBS.

## Product Description/Benefits

- 28-0-0 corrects soil and plant nitrogen deficiencies with a steady, even release and no growth surges.
- 28-0-0 has a low salt index and utilizes complex nitrogen molecules.
- 28-0-0 is a foliar or soil-applied slow release fertilizer that provides a variable release rate dependent upon microbial activity and application rate. Slow drying time results in more leaf penetration and better foliar uptake performance.
- 28-0-0 results in less leaching and volatilization for better budgetary and environmental impacts.
